

## The 2022 BCSE Jan Schori Summer Fellowship Program

The Business Council for Sustainable Energy (BCSE) is a coalition of companies and trade associations from the energy efficiency, natural gas and renewable energy sectors. Established in 1992, the Council advocates for policies that expand the use of commercially-available clean energy technologies, products and services.

The coalition's diverse business membership is united around the revitalization of our economy and creation of a secure, inclusive and sustainable energy future for America. For more information on the Council, please visit [www.bcse.org](http://www.bcse.org). For the latest industry data, download the [Sustainable Energy in America Factbook](#).

### About the position

The summer fellow will assist BCSE staff with policy research, communications and event coordination. Qualified candidates should have interest in the business, sustainability, energy and environment fields and/or communications and relevant experience through academic and/or previous internships or employment.

The position will be based in the BCSE's office in Washington, DC. The fellowship will run approximately 6-8 weeks, from the beginning of June to mid-August, depending on the Fellow's academic schedule and Congressional calendar.

The summer fellow will have the opportunity to:

- Research current energy and climate change legislation and policies to support BCSE advocacy.
- Gain knowledge of the operations of a trade association, from data management to external communications and policy advocacy.
- Work with a small, collaborative and highly experienced BCSE team.
- Observe and interact with leading government relations executives in BCSE sectors.

### About Jan Schori

The Fellowship was established in 2008 to honor Jan Schori upon her retirement as General Manager and Chief Executive Officer of the Sacramento Municipal Utility District (SMUD), the nation's sixth largest publicly owned electric utility. Ms. Schori also served as the chair of the Business Council for Sustainable Energy's Board of Directors. During her 14-year tenure as CEO, the utility earned a strong reputation for its renewable energy and energy efficiency programs as well as the national number one ranking in commercial customer satisfaction by JD Power & Associates. Prior to serving as CEO she spent 15 years on the legal staff at SMUD, the last 5 as general counsel.

### Application Process

Please send a cover letter and resume to [bcse@bcse.org](mailto:bcse@bcse.org). The deadline for applications is April 30, 2022. Interviews for selected candidates will begin shortly thereafter and decisions made within a few weeks.
