

Serge Abergel

Chief Operating Officer

Serge took office as Chief Operating Officer of Hydro-Québec Energy Services in December 2021. This subsidiary of Hydro-Québec is responsible for hydro power export initiatives to the New York and New England markets.

Since joining Hydro-Québec in 2014, he has held various positions in media, stakeholder relations, and government affairs. He has also led information campaigns on the company's export initiatives and is a frequent public speaker on Hydro-Québec's clean energy generating fleet and transmission system. Prior to his most recent appointment, he served as Director-Communications.

Serge has considerable previous experience working as a public affairs officer in the Canadian Armed Forces and the federal correctional system. He holds a bachelor's degree in operations management from HEC Montréal.
