

Intro to the Clean Air Act

Background, Emerging Trends, and the Implications for Clean Energy

Wednesday, December 15, 2010; 2:00—5:30 pm

Founders' Room, McKenna Long & Aldridge, LLP
1900 K Street NW, Washington, DC 20006

Objective

To demystify the Clean Air Act and the role of clean energy solutions. Those in attendance today will walk away with a working knowledge of the pertinent portions of the Clean Air Act and a basic familiarity with the relevant issues facing clean energy in the coming months and years. We will also begin a strategic discussion of how clean energy businesses can help regulated industries, EPA, and the states achieve their Clean Air Act obligations.
