## **BCSE Congratulates Joseph R. Biden and Kamala D. Harris on their Victory in the 2020 Presidential Election**

Washington, D.C. –The Business Council for Sustainable Energy (BCSE) president Lisa Jacobson issued the following statement regarding the outcome of the 2020 Presidential election:

“The Business Council for Sustainable Energy congratulates President-elect Joe Biden and Vice President-elect Kamala Harris on their victory in this historic election.

“The Council looks forward to working with the incoming Biden administration to build durable and equitable energy policy that addresses the need for affordable, reliable and low-carbon energy, and to help America build back better.

“The President-elect’s promise to recommit the United States to the Paris Agreement will be a critical first step towards restoring America’s role as a leader in the international community. Diplomatic re-engagement will enhance the ability of American companies to compete in a global marketplace that is looking for clean energy solutions and pathways for a green and sustainable economic recovery.”
